FROM : Amembassy TRIPOLI DATE: OCTOBER 11, 1967

SUBJECT : Post-AID Assistance - Agriculture Professors

REF : Tripoli 986

Esso Libya has been informed by the Rector of the University of Libya in Benghazi that the University has decided not to accept the two candidates from the University of Florida Esso recently proposed as professors at the College of Agriculture. The Rector stated that, since Esso was not able to submit by September the particulars of their proposal, including names, qualifications, and date of availability for their candidates, the University felt compelled to recruit locally two other professors to be certain the faculty would be complete by the beginning of the new term on October 8, 1967. The Rector indicated the two professors recruited are Libyan. He also expressed his desire to pursue again next summer the subject of Esso proposing two American professors to teach at the University for the academic year 1968-69.
